Sign On Mode Configuration

ID# 52067, 52085

To streamline the configuration process, sign on mode settings are now managed directly in Collaboration Administration, rather than a separate desktop application. Navigate to Collaboration **Administration**, then **System Administration > Sign On Mode**.

Use the *Sign On Mode* drop-down menu to choose a sign on method. If you select **Forms**, you will also be prompted to select a *Membership Provider*. If you select **SAML SSO**, additional fields will appear where you can configure details. When you're finished, click **Save**.

Please choose the Sign-On Mode you want to configure.

2 Bug Fixes

We have addressed the following bugs in Collaboration v11.10.0:

ID	Description
85323	If a Collaboration Portal task was submitted for completion before OCR finished on a record, the document would not sync properly to FOIAXpress. This issue has been resolved.
88966	Resolved a bug where Request for Documents attachment download links would not work when accessed via Messages.
89562	New Collaboration Portal databases with hyphens in the database name were resulting in an error. This issue has been fixed.
