1 Introduction

1.1 About Collaboration

The ATIPXpress Collaboration Portal provides a platform for AX users to work together on requests with others outside their ATIPXpress environment, easily collaborating on requests for documents and document reviews.

This document provides instructions for ATIPXpress users to work in the Collaboration Portal. The following topics are covered in this section:

- *Requests for Documents*: Details on sending and completing a Request for Documents in the ATIPXpress application.
- *Consultation Reviews*: How to send documents for consultation review using Collaboration.
- *Correspondence*: Sending and receiving messages from the Collaboration Portal.

1.2 Typography

The following formatting conventions are used in this manual to highlight important information:

- *Italicized* text indicates a location, for example a particular *Folder*, *Tab*, or *Window*.
- **Bold** text indicates a specific user action, such as clicking a **button**.
- **Red** text is used in *Notes* to bring attention to **crucial information**.

2 Requests for Documents

2.1 Sending a Request for Documents

One of the main uses for the Collaboration Portal is to request documents from a source who does not have access to ATIPXpress. Follow the steps below to submit a Request for Documents to a contact using the Collaboration Portal.

1. Open a request that has been assigned. Requests that have not yet been assigned are not eligible for RFDs.
2. Select **(A) Request for Documents** from the left-hand navigation, then click **(B) New**:

The screenshot shows the 'FOIA - Request: 24-FOI-00007 - Request' page. The left-hand navigation menu includes 'Request Information', 'Assign Users', 'Set Perfect Status', 'Correspondence', 'Request for Documents (0/0)', and 'Electronic Document Review (0/0)'. The 'Request for Documents (0/0)' item is highlighted with a red circle labeled 'A'. The main content area shows a table with columns: Action ID, Location(s) Referred, Sent By, Sent Date, Due Date, Completed Date, and Status. Below the table, it says 'There are no Request for Document records.' and 'Page size: 20'. At the bottom, there are buttons: 'New', 'Action', 'View', 'Delete', 'Messages(0/0)', 'Send Email/Reminder', 'Send Reminder by Print', and 'Action(s) Log'. The 'New' button is highlighted with a red circle labeled 'B'.

The *New Request for Documents* screen, as shown below, opens. In the following sections, we'll cover how to fill out each section.

The screenshot shows the 'New Request for Documents - Step 1' screen. The 'Request for Documents mode' is set to 'Send via Email/Save'. The 'Request Date' is 10/4/2024. The 'Comments' field is empty. The 'Due Date' is 10/4/2024. The 'Priority' is set to 'Low'. There is a 'Spell Check' button next to the 'Comments' field. A note states: 'Note: If including an Empty ADX File with the Request for Documents the Comments entered will be in included in the file for the recipients review otherwise the comment is kept for internal purposes only.'

2.1.1 Request for Documents Mode/Information

On the *New Request for Documents* screen, locate the *Request for Documents mode* field and select **Send via Collaboration Portal**.

2.2 Receiving Responses from Collaboration

When you receive a response to your RFD from a collaborator, the easiest point of access is via your *Messages* on the Home Page. Follow the steps below to receive records provided from the portal.

1. Click **Messages from Collaboration Room** link on the *Home Page* to access your Collaboration Messages.

2. The *Collaboration Messages* screen appears as shown below. Click the message you'd like to open, then click **View Message**.

3 Consultation Reviews

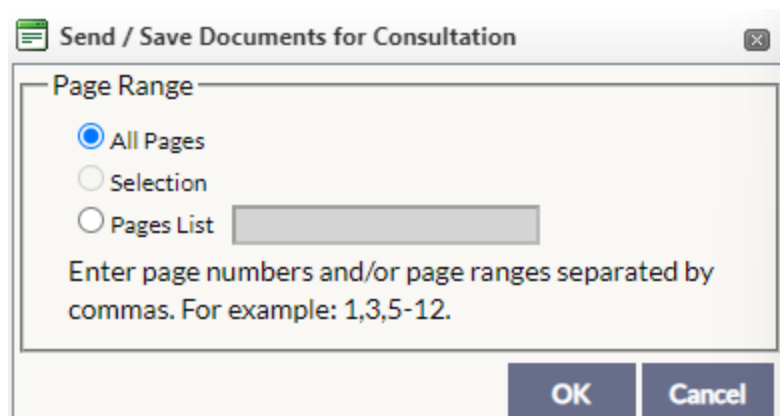

3.1 Send Documents for Consultation Review

Another use for the Collaboration Portal is to send documents for Consultation Review to a collaborator who does not have access to ATIPXpress. Follow the steps below to send documents for consultation via the Collaboration Portal:

1. First, navigate to the folder with the document(s) you'd like to send and open it in Document Management. Once you're in Document Management, locate the document/folder in the document tree and load any review layer you'd like to include.
2. Right click the document/folder and click **Send/Save for Consultation Review**:

3. Next, select the page range you'd like to include. You can select **All Pages**, or include a **Pages List**. Then, click **OK**.

4. The *Send/Save Documents for Consultation* screen opens. First, under *Consultation Type*, you must select **Send via Collaboration Room**. This ensures the request is sent to the portal for consultation review:

4.1 View Message Details

To view contents and details of a message, select it from the list and click **View Message**:

Correspondence

The screenshot shows a web application window titled "Message from Collaboration". It contains a "Message Details" section with the following information:

- Subject :** 25-FOI-00024 - Consultation Response
- Body:** test

Below the message details, there is an "Attachments:" section. It lists one attachment: "1. 'Document for Redaction' of 'RFD - 56'.pdf" with a "File Size" of "51.65 KB". To the right of the attachment list, there are three buttons: "Add to Review Log", "Add to Correspondence Log", and "Add to Document Management". A "Close" button is located at the bottom right of the window.

Red circular callouts with letters A, B, C, and D are overlaid on the image:

- A** points to the "Attachments:" label.
- B** points to the "Add to Review Log" button.
- C** points to the "Add to Correspondence Log" button.
- D** points to the "Add to Document Management" button.

The *Message Details* includes the message *Subject* and *Body*. If the message includes any (A) *Attachments*, you can (B) **Add to Review Log**, (C) **Add to Correspondence Log**, or (D) **Add to Document Management**.

4.2 Reply to a Message

To respond to the Portal message, select your message from the list and click **Reply**.

The (A) *Original Message* is present in the top portion of the screen. Enter your response in the *Compose Message* fields, providing both the (B) **Subject** and (C) **Body**, as well as (optionally) any *Attachments*. When you're ready to send it, click (D) **Send**:

The screenshot shows the same "Message from Collaboration" window, but now it displays the "Original Message" and "Compose Message" sections. The "Original Message" section shows the subject "25-FOI-00024 - Consultation Response" and the body "test". The "Compose Message" section has the following fields:

- Subject* :** A text input field with "Re:" entered.
- Body* :** A large text area for composing the response.
- Attachment :** A section with a "Attach From Disk" button and a "Select" button, followed by an "OR" and a link "Attach from Request Correspondence Log".

At the bottom right of the "Compose Message" section, there are "Send" and "Back" buttons. A "Note: * fields are mandatory" is displayed at the bottom left.

Red circular callouts with letters A, B, C, and D are overlaid on the image:

- A** points to the "Original Message" section.
- B** points to the "Subject*" field in the "Compose Message" section.
- C** points to the "Body*" field in the "Compose Message" section.
- D** points to the "Send" button.
