October 2023

ATIPXpress 11.4.0 Collaboration Portal Release Notes

Notice of Rights

Copyright © 2023, AINS, LLC d/b/a OPEXUS. All rights reserved. No part of this publication may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language, in any form or by any means, electronic, mechanical, photocopying, recording, or otherwise, without prior written permission of the publisher: AINS, LLC. For information on obtaining permission for reprints and excerpts, contact info@opexustech.com.

Additionally, all copyrights, confidential information, patents, design rights and all other intellectual property rights of whatsoever nature contained herein are, and shall remain, the sole and exclusive property of the publisher.

Notice of Liability

The information in this publication is believed to be accurate and reliable. However, the information is distributed by the publisher (AINS, LLC.) on an "As Is" basis without warranty for its use, or for any infringements of patents or other rights of third parties resulting from its use.

While every precaution has been taken in the preparation of this publication, neither the author (or authors) nor the publisher will have any liability to any person or entity with respect to any loss or damage caused or alleged to be caused, directly or indirectly, by the information contained in this publication or by the computer software and hardware products described in it.

Notice of Trademarks

The publisher's company name, company logo, company patents, and company proprietary products are trademarks or registered trademarks of the publisher: AINS, LLC. All other trademarks or registered trademarks are the property of their respective owners.

Non-Disclosure Statement

This document's contents are confidential and proprietary to AINS, LLC. This document cannot be released publicly or outside the purchasing agency without prior written permission from AINS, LLC.

Images in this manual are used as examples and may contain data and versioning that may not be consistent with your version of the application or information in your environment.

Additional Notice

Information in this documentation is subject to change without notice and does not represent a commitment on the part of AINS, LLC.

Notwithstanding any of the foregoing, if this document was produced as a Deliverable or other work for hire under a contract on behalf of a U.S. Government end user, the terms and conditions of that contract shall apply in the event of a conflict.

Collaboration Portal Release Notes v11.4.0

HTTPS Endpoint Requirement

The Collaboration Portal now requires an HTTPS endpoint to be configured for the Collaboration Portal URL. See the *Collaboration Portal Deployment Manual* for instructions to configure your application to function with a qualified HTTPS endpoint.

Bug Fixes

We've addressed some issues identified by our customers as well as our OPEXUS team. These bug fixes are outlined in the table below.

ID	Description
21496	Updated the Collaboration Portal so that improper sign outs, such as closing a browser window or tab without logging out, are recorded in the Audit Log. Users are now brought to the login screen or returned to their current session when returning to the URL after an improper sign out.
22719	Updated the Collaboration Portal One Time Password process for smoother log ins. If a user enters an incorrect OTP, the user is notified rather than redirected to the username/password fields. If the session expires during OTP login, a new OTP will be sent upon page reload.
26361	Attempting to request a Forgot Password email in Collaboration Portal was resulting in an error when configured with Basic Authentication SMTP. We've corrected this issue and Collaboration Portals configured for Basic Authentication can now receive Forgot Password emails.
27645	Resolved a Collaboration Portal bug in which users could not select the Include Correspondence checkbox if Send via Collaboration was selected, preventing correspondence from being added in collaboration consultation tasks.
