eCASE 11.3.2 Release Notes

Notice of Rights

Copyright © 2024, AINS, LLC d/b/a OPEXUS. All rights reserved. No part of this publication may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language, in any form or by any means, electronic, mechanical, photocopying, recording, or otherwise, without prior written permission of the publisher: AINS, LLC. For information on obtaining permission for reprints and excerpts, contact info@opexustech.com.

Additionally, all copyrights, confidential information, patents, design rights and all other intellectual property rights of whatsoever nature contained herein are, and shall remain, the sole and exclusive property of the publisher.

Notice of Liability

The information in this publication is believed to be accurate and reliable. However, the information is distributed by the publisher (AINS, LLC.) on an "As Is" basis without warranty for its use, or for any infringements of patents or other rights of third parties resulting from its use.

While every precaution has been taken in the preparation of this publication, neither the author (or authors) nor the publisher will have any liability to any person or entity with respect to any loss or damage caused or alleged to be caused, directly or indirectly, by the information contained in this publication or by the computer software and hardware products described in it.

Notice of Trademarks

The publisher's company name, company logo, company patents, and company proprietary products are trademarks or registered trademarks of the publisher: AINS, LLC. All other trademarks or registered trademarks are the property of their respective owners.

Non-Disclosure Statement

This document's contents are confidential and proprietary to AINS, LLC. This document cannot be released publicly or outside the purchasing agency without prior written permission from AINS, LLC.

Images in this manual are used as examples and may contain data and versioning that may not be consistent with your version of the application or information in your environment.

Additional Notice

Information in this documentation is subject to change without notice and does not represent a commitment on the part of AINS, LLC.

Notwithstanding any of the foregoing, if this document was produced as a Deliverable or other work for hire under a contract on behalf of a U.S. Government end user, the terms and conditions of that contract shall apply in the event of a conflict.

Product Enhancements

We've made the following enhancements for eCASE Platform version 11.3.2:

1.1 Alphabetized Contacts in Email Form

ID# 78396

When creating an email where Contact is set as the *Recipient Type*, the Source List of contacts is now alphabetized by first name, allowing you to more easily find the right Contact.

Email Recipients

The screenshot shows the 'Email Recipients' form. At the top, 'Recipient Type' is set to 'Contact'. Below it, 'Filter By' has two options: 'Contact Types' (selected) and 'Contact Search Criteria'. Both dropdown menus are set to '[All]'. The 'Source List' on the left contains three names: Jane Geary, Michael Webb, and Sarah Johnson, which are alphabetized. A red box highlights this list. A 'TO ->' button is positioned between the 'Source List' and the 'Recipients List' on the right, which is currently empty.

1.2 Dashboards: Dynamic Titles

ID# 78400

Dashboard titles can now include dynamic content, such as date ranges. This dynamic content is updated automatically each time the dashboard is refreshed. Dynamic titles are created using SQL Queries (in the *SQL Queries* section of the App Designer) and can be added to Dashboards using the Aggregate Title field.

1.3 TimeXpress: SMTP Mode Configuration

ID# 78401

You can now switch between SMTP authentication modes (Anonymous and Basic) using a drop-down menu in Settings. Navigate to **TimeXpress > Administration > General Settings > Email Configuration**.

- Email Configuration

Authentication Mode	Anonymous ▼
SMTP Server	Anonymous
SMTP Port	Basic

If you select **Basic**, another field displays prompting you to set an *SMTP User Name and Password*.

- Email Configuration

Authentication Mode	Basic ▼
SMTP Server	
SMTP Port	
Use SSL	No ▼
Set SMTP User Name and Password	Set SMTP Username and Password
Select administrator to send email	001 - Admin Admin ▼

Bug Fixes

We've addressed the following issues identified by our customers. These fixes are outlined in the table below.

ID	Description
78399	Resolved a bug in which the <i>Office</i> filter on the <i>Assign Role</i> page would not yield all results.
78402	Fixed an issue where saved contact search criteria produced different results between the general contact search and contact search when sending an email.
78403	Resolved an issue in TimeXpress where users couldn't select a Sub-Subtask. The Sub-Subtask options is now available for all applicable users.
78404	Addressed an issue in TimeXpress where users were unable to add a Task to a Timesheet if the Timesheet period started before the Task start date.
78405	Fixed an issue in TimeXpress where pending timesheets with a period of Monday to Sunday displayed a mid-week Total column in addition to the full week Total column.
78406	Resolved two issues affecting rich text boxes on the <i>Procedure</i> tab. The Citation icon has been resized and the Expand button now displays correctly.
