# FOIAExpress v11.13.1.0 Release Notes

## Notice of Rights

Copyright © 2025, OPEXUS, LLC d/b/a OPEXUS. All rights reserved. No part of this publication may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language, in any form or by any means, electronic, mechanical, photocopying, recording, or otherwise, without prior written permission of the publisher: OPEXUS, LLC. For information on obtaining permission for reprints and excerpts, contact [info@opexustech.com](mailto:info@opexustech.com).

Additionally, all copyrights, confidential information, patents, design rights and all other intellectual property rights of whatsoever nature contained herein are, and shall remain, the sole and exclusive property of the publisher.

## Notice of Liability

The information in this publication is believed to be accurate and reliable. However, the information is distributed by the publisher (OPEXUS, LLC.) on an "As Is" basis without warranty for its use, or for any infringements of patents or other rights of third parties resulting from its use.

While every precaution has been taken in the preparation of this publication, neither the author (or authors) nor the publisher will have any liability to any person or entity with respect to any loss or damage caused or alleged to be caused, directly or indirectly, by the information contained in this publication or by the computer software and hardware products described in it.

## Notice of Trademarks

The publisher's company name, company logo, company patents, and company proprietary products are trademarks or registered trademarks of the publisher: OPEXUS, LLC. All other trademarks or registered trademarks are the property of their respective owners.

## Non-Disclosure Statement

This document's contents are confidential and proprietary to OPEXUS, LLC. This document cannot be released publicly or outside the purchasing agency without prior written permission from OPEXUS, LLC.

Images in this manual are used as examples and may contain data and versioning that may not be consistent with your version of the application or information in your environment.

## Additional Notice

Information in this documentation is subject to change without notice and does not represent a commitment on the part of OPEXUS, LLC.

Notwithstanding any of the foregoing, if this document was produced as a Deliverable or other work for hire under a contract on behalf of a U.S. Government end user, the terms and conditions of that contract shall apply in the event of a conflict.

# Product Enhancements

## 1.1 Enhanced Chief FOIA Officer Report

ID# 1288571

We've enhanced the Chief FOIA Officer report to yield better results. To generate the report, select **Reports > Request Management Reports > Chief FOIA Officer > Generate**.

## 1.2 Enhancing / Extending APIs

ID# 1229720

Extended APIs, GetRequestById and GetRequests, are now available to system integrator users, enabling deeper data access for external integrations and workflow automation. We have added the following attributes for both APIs:

- createdDate
- originalTargetDate
- subRequests
- requestDescription
- requestAgeWithHoldDays
- multiTrackType
- requestDescription
- exemptionCodes
- ProcessedDays
- StaffProcessingCosts

Additionally, lastModifiedDate (or lastUpdatedDate) has been added only for GetRequestById.

## Bug Fixes

We've addressed the following bugs in this version of FOIAXpress:

ID	Description
1291307	Resolved an issue that caused the first note added to a payment to be overwritten by default text.
1277853	Fixed a bug restricting Proof of Identify (POI) and Consent attachment document updates in PAL.
1275373	Addressed an issue preventing the management of the Expedite Information header in PAL Configuration.
1292559	Resolved an error causing the EDR Report, Document History Report, Document Status Report, and Document Review Log to not load.
1292865	Addressed an issue restricting password reset using a second email address.

# Security Updates

We've made the following security updates in this version of FOIAXpress:

ID	Description
1278599	<p>All binaries (DLLs, EXEs, and installer scripts) are now digitally signed using an updated code-signing certificate issued to Casepoint LLC.</p> <p>This change ensures continued compliance with security best practices and may result in a different publisher name appearing in file properties or installation prompts.</p> <p>There are no functional changes to the application as a result of this update.</p> <ul style="list-style-type: none"><li>• <b>Previous Publisher Name:</b> AINS, LLC</li><li>• <b>New Publisher Name:</b> Casepoint, LLC</li><li>• <b>Impacted Artifacts:</b> Application DLLs, EXEs, installer script files</li><li>• <b>Reason for Change:</b> Security best practices and alignment with Casepoint signing infrastructure</li></ul> <p><b>Note:</b> If your IT policies or tools verify digital signatures or publisher names, you may need to update your allow lists or validation rules accordingly.</p>
1294479 1298392 1298396	<p>Introduced output encoding (e.g., HTML entity encoding), input validation, and Content Security Policy (CSP) headers.</p>
1295860 1299788 1290220	<p>Enforced MFA, applied rate-limiting, secured session tokens, and adopted robust password policies.</p>

## Security Updates

ID	Description
1298397 1298821 1288852 1290224	Sanitized all user inputs rendered into HTML, used templating engines with auto-escaping, and limited rendering of untrustworthy content.
1290223	This change addresses a known security issue by updating vulnerable JavaScript dependencies.
1278818 1278825	Implemented comprehensive safeguards to prevent SQL injection across the entire PAL module and the entire PAL Configuration and Collaboration module.
1290203	Implemented internal logic enhancements to fix security vulnerabilities in the Request page of PAL.
