# eCase Investigations 5.1.0 Release Notes

## New Features

The following new features were added to the latest eCase Investigations release:

ID	Feature	Description
23972	Removed Management Challenges Types	The Management Challenge Types field was removed from the Close tab in case types where this field is not required.
24705	Custom System Account Name	Added the ability (via SQL query) to customize the username that appears in emails received from the system account (this is "System Account" by default).

## Bug Fixes

The following bug fixes were applied in the latest version of eCase Investigations:

ID	Description
24628	Fixed an issue where duplicate checks were not performed on indexes when using the Import Index tab, resulting in potentially duplicate indexes.
