eCASE Investigations 5.4.0 Release Notes

New Features

The following new features were added to the latest eCASE Investigations release:

ID	Feature	Description
25428	New Index Fields	Added new fields to the Index form: <ul style="list-style-type: none">• County (home address)• County (work address)
27362	New Evidence Form Fields	Added new fields to capture the Box # and Item # on the Evidence form. There are options to configure terminology for these fields, and a filter on the Evidence form to help filter Evidence items.
26921	Delete Techniques	Deleting Techniques automatically deletes the entry in both the Techniques tab and the Chron Log.
27361	New Property Form Fields	Added new fields to capture the Box # and Item # on the Property form. There are also options to configure terminology for these fields.
27367	Track Relinquished and Received Evidence	Added a configuration option to enable tracking of relinquished and received evidence on the Chain of Custody report. If enabled, the report will display any relinquished and received evidence in the log at the bottom of the report.
27368	New Inventory Form Fields	Added new fields to capture the Box # and Item # on the Inventory form. There are also options to configure terminology for these fields.

Bug Fixes

The following bug fixes were applied in the latest version of eCASE Investigations:

ID	Description
26880	Fixed an issue in the Chain of Custody Report where users were listed in the Received By field even after they disapproved the transfer.
