v5.5.0

June 2023

# eCASE Investigations 5.5.0 Release Notes

## New Features

The following new features were added to the latest eCASE Investigations release:

ID	Feature	Description
27865	Evidence Field Tracking	Added tracking of all changes to fields in Evidence folders. Any changes to evidence item fields are tracked, and users can view the old value as well as the new value any time a change is made to an evidence item.
27974	TimeXpress URL Relocated	The TimeXpress URL field has been relocated from the Configuration tab to the eCASE Settings interface, under <i>Connectors</i> .

## Bug Fixes

The following bug fixes were applied in the latest version of eCASE Investigations:

ID	Description
26873	Fixed an issue where email notifications for opening case disapprovals indicated “Approved” in the body and text of the email.
26882	Fixed an issue where the Evidence Transfer workflow broke after taking a disapproval action.
26923	Fixed an issue where Evidence retained an incorrect chain of custody when cancelling and then approving transfers.

ID	Description
27452	For Outreach case types, permissioned users are now able to add additional costs on the Project Costs tab.
27651	On the Referral Results tab, the multiplier value used to calculate the total Community Service Hours is now configurable (default is set to 100).
27713	Fixed a bug in the numbering of Evidence sub items which removed "0" values from the item numbering.
27741	Fixed a bug where changing Case field configurations right before submitting Case for Conversion allowed users to bypass mandatory fields.
27839	Fixed an issue where sub item and parent item ID numbers were not displaying correctly in the Chain of Custody report.
27858	Fixed an issue where the Evidence Custodian field on "Submit for Received Request" and "Submit All Items for Received Request" forms did not reflect the configured terminology.
27860	Fixed an issue where the Evidence Custodian field from the prompt after the "Submit/Resubmit Received Request" button does not reflect the configured terminology.
28188	Fixed an issue when a Complaint or Preliminary is converted to an Investigation, the copied documents were locked.
