Bug Fixes

The following bug fixes were applied in the latest version of eCASE Investigations:

ID	Description
30892	Fixed an issue where the system did not retain document properties for documents stored in the Recycle Bin, causing data loss when documents were restored from the Recycle Bin. Document properties are now purged at the time the Recycle Bin is emptied.
31041	Fixed a bug where documents in the Attachments Recycle Bin were not retained when cases were converted from C to I, C to P, and P to I. Documents are now retained per the Recycle Bin settings through case conversion as needed.
31354	Fixed a bug in the Hotline Portal where selecting **Yes** for the *Do you want to be Anonymous?* option caused issues in the Investigations workflow.
