# eCASE ADR 2.4.3 Release Notes

## Bug Fixes

We've addressed the following issues in eCASE ADR 2.4.3:

Ref	Description
30078	Fixed a typo in the Clock Stop Date error message.
30082	The Event Note now displays the dates the Clock Stopped and the Clock Restarted, along with the total number of days the clock was stopped.
30083	Fixed an issue preventing Folder IDs from populating in the header sections of Stop Clock and Restart Clock views.
30086	Resolved a Contact Admin error occurring for Draft Intake Summary of Customer tasks on folders with an EEO Case Number.
30122	Fixed issue in which folders with an EEO Case Number would not reopen after closure.
